

These old school punk rockers based in Brisbane Australia have been belting out their original sounds for over a decade, highly influenced by the early punk scene they grew up in.

Today their level of energy and passion for creating and performing original music is stronger than ever.

Having previously recorded two EP's (We Are Robot & Raise your Flag) the Kombi Killers headed into the studio in 2020 to record some new tracks written collaboratively.

Since signing with Riot Records in 2019 the Kombi Killers have released four singles through the label.

Don't Start, ScuMo, Sick World and Damaged

The Kombi Killers have built up a solid following and reputation with punters and event organisers.

2022 will see another single being released as part of an EP planned for 2023
